This document is provided for the convenience of investors only, before the external audit is completed. The audit outcomes may cause some parts of this document to change.

This document contains "forward-looking statements" - that is, statements related to future, not past, events. In this context,

"forward-looking statements" often address our expected future business and financial performance, and often contain words

such as "expects", "anticipates", "intends", "plans", "believes", "seeks" or "will".

"Forward-looking statements" by their nature address matters that are, to different degrees, uncertain.

These uncertainties may cause our actual results to be materially different from those expressed in this document.
